

Cordless Endo Motor Pro YP-200

For Every User

9 Working Mode

Adjustable speed and torque during operation

- Suitable for LEFT/RIGHT hand operation
All-In-One 16:1 Head

- Charging interface: Type-C

Features

All-In-One
16:1 Mini Contra Angle head ,16:1Contra Angle head
All-In-One Body design

Electrical Machinery
Reliable and durable with stable speed

Ultra Long Battery1000mAh large capacity

360 degree rotation for 16:1
Contra angle.More convenient for complicated
root canal problems

Parameters

High definition large LED screen

Torque:0.3-4.0N.cm
Speed:140-550r/min

Battery

Capacity: 800mAh
Charging voltage: 3.7V
Type specification: INR 14500

Power adapter

Input voltage: 100V-240V ~50/60Hz
Output voltage: d.c.5V,1A

Program parameter

Procedure: 9 kinds
Working Mode : 4 kinds
Standard head:16:1
Net weight: 265g
Rotate speed:140-550 r/min
Torque: 0.3-4.0N.cm

Transportation and storage environment

- a) Environment temperature range: -20C~+55 C
- b) Relative humidity range: 80%,
- c) Atmospheric pressure range: 70 kPa~106kPa;

Operating environment

- a) Environment temperature range : 5 C~40C;
- b) Relative humidity range: 80%
- c) Atmospheric pressure range : 70 kPa~106kPa;
- d) power supply: d.c.3.7V (-10%~+5%)
- e) Avoid using this product in an environment with electromagnetic interference (such as near a microwave oven)
